

2020 SCOSTEP Awards Announcement

This is a call for nominations for the 2020 SCOSTEP Awards for Distinguished Scientist, Distinguished Young Scientist and Distinguished Service.

Recognizing the societal importance of studies in the field of solar-terrestrial physics and willing to give credit to scientists who contribute significantly to these studies and to SCOSTEP activities, the SCOSTEP Bureau has instituted the following awards:

SCOSTEP Distinguished Scientist Award

This award is given to recognize an outstanding contribution of a scientist to solar-terrestrial physics

SCOSTEP Distinguished Young Scientist Award

This award is given to young scientists who have achieved considerable success in solar-terrestrial physics and have taken an active part in SCOSTEP-related activities

SCOSTEP Distinguished Service Award

This award is given to recognize unique contributions to SCOSTEP-related activities, to realization of its programs and events. This award is nominally made in odd years. Since no award was made in 2019, it may be made retroactively in 2020.

The SCOSTEP awards are given biennially. The first Distinguished Science Awards were awarded in 2014. The first Distinguished Service Award was given in 2013. The Award Statutes and Procedures are placed on the SCOSTEP web site section “Awards” (<http://www.bc.edu/scostep/programs/awards>).

Award nomination packages (nomination letters and nominee’s curriculum vitae) for the Distinguished Awards should be submitted to the SCOSTEP secretariat (Patricia.Doherty@bc.edu) by no later than June 1, 2020, as a single pdf file. The currently serving SCOSTEP Executive Officers and Bureau Members are not eligible for nomination. The award decision will be made by the SCOSTEP Awards Committee (SAC) and communicated to the Bureau after considering submissions.
