

Call for Nominations

2025 SCOSTEP DISTINGUISHED SERVICE AWARD

This is a call for nominations for the 2025 Scientific Committee on Solar-Terrestrial Physics (SCOSTEP) Distinguished Service Award.

This award will recognize unique contributions to SCOSTEP science through a variety of different routes, for example through the running of programs in solar-terrestrial physics, administration of SCOSTEP, and lifetime contributions of service to SCOSTEP. Such awards may be nominated via the Bureau membership, although the wider SCOSTEP community is encouraged to contribute nominations either directly or through the Bureau membership. One award will be made every 2 years in odd numbered years.

Nominations should include:

- i. A statement of the contributions made by the nominee;
- ii. The CV of the nominee.

The nomination package should be submitted to the SCOSTEP President, Prof. Kazuo Shiokawa (shiokawa[at]nagoya-u.jp) by 15 March 2025, as a single pdf file. The currently serving SCOSTEP Executive Officers and Bureau Members are not eligible to be nominated.

All nominations will first be evaluated by the SCOSTEP Awards Nomination Committee. This committee will select 3 finalists for the award. The SCOSTEP Awards Selection Committee will select the final awardee from these 3 finalists.

The award will include a medal and citation.

The award will be announced in the SCOSTEP bulletin (Newsletters); information about the award winner will appear on the SCOSTEP Web site in the Awards section. The award ceremony will be held during the inauguration of a relevant scientific meeting.

Please consider nominating a deserving individual for this prestigious award.
